Dear Eureka Area Parents/Families:

We have great news to share! The Rockwood School District will be opening the new Eureka Early Childhood Center in August 2019!

We appreciate the voters who approved the bond issue that provided funding for a new early childhood center in Eureka, as well as the new Eureka Elementary School. The construction of the new elementary school allows the district to repurpose the existing school located at 442 West Fourth Street into an early childhood center focused on our youngest learners. Both our center and the new school will be opening in August 2019.

At this time, we want to reach out to our families who have young children in the Eureka area. We would love to show you our early childhood program that is taught by certified teachers, aligned with Rockwood curriculum and focused on age-appropriate learning development. Please feel free to share this information with your friends who have young children, and let them know they now have the convenience of having a center close to their neighborhoods.

Enrollment for the 2019-2020 school year is coming soon! All current families in our Rockwood Early Childhood program are invited to enroll early for the upcoming school year on Thursday, January 3, 2019. Then, enrollment for the general public begins on Tuesday, January 22, 2019. Our classrooms fill up quickly, so please consider calling for a tour in the next few weeks to help you learn more about what we offer our students and families.

We are more than excited to be opening a new location in Eureka for early childhood education. Be assured we will have plenty of options for our youngest Rockwood learners with early childhood centers in Clarkson Valley, Vandover and now Eureka! If you have any questions, please feel free to give me a call at 636-891-6200.

Sincerely,

Dr. Jane Brown
Executive Director of Early Childhood
