### Eclipse Day Activities

Summit students,

We are so glad to have you back! On **Monday, Aug. 21**, we will run a [modified bell schedule](#) to allow an extended time for you to learn about the eclipse, receive instruction on eye safety, and go outside for viewing with solar eclipse shades.

- **All students will receive solar eclipse glasses that meet the ISO and CE safety standards.** Students participating in outdoor activities must wear the protective solar shades.
- We will be outside while the sun is present. Students who are sensitive to sun should apply **sunscreen** as they would on a normal sunny day.
- Hot weather is forecast for Monday. **Please bring a refillable water bottle for our time outside and refill before dismissal.**
- **Your parents/guardians were sent a link to an “opt out” form if they do not want you to participate in the outdoor solar eclipse viewing activities.** Those who opt out will watch the NASA coverage in the Theater.
- If you plan to be absent that day, your parents should call the attendance line to excuse your absence. We asked that parents who plan to **pick their child up early on that day do so by 11 a.m.**
- Our campus will be **closed to vehicular traffic between the hours of 12:30 and 1:45 p.m.** to accommodate our school-wide viewing plan of the solar eclipse and to ensure the safety of our students and staff who will be participating outside.
- Our **campus will be closed to outside visitors** for the entire day.
- Attached is a **handout** that we will share with you on the day of the eclipse. [solar eclipse guide \(2\).pdf](#)
- **You can learn more about the eclipse on our district [website](#) or these additional websites** with information about the eclipse
