Dear Stanton Parents (and Community):

Stanton Elementary is excited to partner with our parents and community members this year to support the learning and growth of our students. In collaboration with our Parent Teacher Organization (PTO), this handbook presents information regarding the importance of volunteering at Stanton, as well as highlighting the numerous opportunities to get involved.

Inside this year’s edition of the **Stanton Elementary Volunteer Handbook**, you will find information to help guide our volunteer’s work with our students. Your investment is truly valued, and there are many different ways to get involved. We understand that parents and volunteers have many obligations and commitments, so it is our hope that you will find an avenue to get involved and volunteer in a way that will fit your schedule and availability. We hope you will consider partnering with our school so we can grow and learn together.

If you have questions regarding volunteering, feel free to contact me or members of the PTO Executive Board. Their contact information can be found in this handbook.

You are making a great impact in the lives of our students by partnering with us. Together we will reach every child and make a difference.

Sincerely,

**Dr. Christy Starnes**

Dr. Christy Starnes
Principal
What Does It Take
to be a School Volunteer?

Volunteers help schools deliver services to students and schools that go above and beyond what can be provided through district resources.

Have you considered volunteering in your child’s school or classroom?
- Would you like to work directly with students?
- What kinds of volunteer opportunities would you enjoy?
- What days and time work for you?
- Do you feel prepared for the volunteer experience?
- What are you looking for in your volunteer experience?

What do you need to be a volunteer?
- A genuine interest in helping children
- A commitment to volunteering
- A positive attitude
- School volunteer training
- Regular attendance

What do school volunteers do?
- Reinforce skills taught by teachers
- Give students individual attention
- Provide enrichment to the curriculum
- Assist teachers with classroom duties
- Provide services that support schools and programs

Who assists school volunteers?
- Teachers can organize tutoring/mentoring opportunities in the classroom
- Schools can help volunteer find opportunities within programs, the office or the library.
- Parent-teacher organizations need volunteers for special PTO events, parent leadership roles and committee involvement.

Find out more about school volunteers on the Rockwood website:

Safety and Security

Important information for School Volunteers

Rockwood parents and patrons are encouraged to visit district schools. However, all visitors who come to the school during a regular school day must follow established safety procedures.

At all Rockwood schools, visitors must be admitted into the building through a monitored locking system. Visitors during school hours will press the buzzer on the system, wait to be identified by a staff member, and then access the building once the door opens.

School volunteers can then proceed to the school office.

- All school volunteers must sign-in and sign-out at the school office each time they come to the school. **Driver's License MUST BE PRESENTED at the time of check-in.**

- Volunteers will be required to wear a name tag/badge identifying them while they are on a school campus. **Masks required while in our school building.**

- All volunteer activities take place under the supervision of school personnel.

- Volunteers will participate in safety drills while at school.

- Read more about school visitors to schools on Policy 1430 – School Visitors to Schools

Confidentiality
Important information for School Volunteers

Volunteers who work with students need to remember that some information is considered confidential. Please feel free to share school volunteer experiences with others, but it is very important not to use full names of students outside of school. Any information a student shares within the classroom is considered confidential, and must remain between you, the student and the teacher/staff member.

Read more about confidentiality on the following Board of Education regulations:

Student Information
Policy 2400
All information contained in a student's educational record, except information designated as directory information by the District, shall be confidential. In addition, parents/guardians and students have a right to expect that student health information will be kept confidential. Student educational records shall be directly accessible only to school officials who demonstrate a legitimate educational interest in the student's records and to parents/guardians or eligible students. Read more about directory information related to students on the Web site:
http://www.rsdmo.org/boardofeducation/policiesandregulations/Pages/Policy2400-StudentEducationalRecords.aspx

Discipline
Policy 2605
Building principals are responsible for the development of rules and regulations regarding student conduct needed to maintain proper behavior in schools under their supervision. Teachers have the authority to make and enforce necessary rules for the internal governance in the classroom, subject to review by the building principal. School volunteers will remember that it is the principal's, teacher's and/or staff member's responsibility to discipline students. Read more about discipline on the Web site:
http://www.rsdmo.org/boardofeducation/policiesandregulations/Pages/Policy2605-StudentDiscipline.aspx

Communication and Internet Use
Policy 6320
The principal/designee shall oversee the maintenance of communication and information technologies for each school and may establish limits and guidelines on their use. Students and staff are authorized to use communication and information technologies in accordance with user obligations and responsibilities as found on the district Web site:
http://www.rsdmo.org/boardofeducation/policiesandregulations/Pages/Regulation6320-CommunicationandInformationSystemsGuidelines.aspx
Reliability

*Important information for School Volunteers*

- Teachers and staff plan for school volunteers. If you will be absent, call the school as soon as possible so arrangements can be made. It is important that we do not disappoint or disrupt our students’ learning.

- Follow school guidelines for student dress code. Dress comfortably, but remember that you are a role model for our students.

- Parent or patron visits to the classroom must be approved in advance by the sponsor, teacher and/or principal.

- Volunteers will work within the guidelines established by the school administration and will work under the direction and supervision of teachers and staff members.

- Visitation by preschool children and children who are not registered in the school is discouraged. All children who are visiting the school must report to the principal and receive approval prior to attending classes.

- Volunteers may not be given a Rockwood staff member’s and/or teacher’s personal accounts and passwords in order to access a school Web site.

- Smoking, alcohol, drug use and firearms are prohibited on school district premises, including all buildings, grounds and property of the District.

- The Board of Education and administration will not tolerate any one who disturbs classes or school activities or hinders the instructional process. If such persons will not leave the school premises upon request, the building principal/designee may refer charges to the proper legal authorities.
Field Trips

Important information for School Volunteers

Please be aware of the following Rockwood policies regarding field trips:

Field Trips/Excursions
Policy 5660
A field trip is a planned visit outside the classroom taken by students under the supervision of a teacher or other school official for the purpose of extending the instructional activities of the classroom through first-hand experience and participation in functional situations that relate directly to what is being studied. School volunteers may assist by following the procedural guidelines found on the Web site:
http://www.rsdmo.org/boardofeducation/policiesandregulations/Pages/Policy5660-FieldTripsExcursions.aspx

International Field Trips
Policy 5661
Prior to initiating any plans for field trips involving international travel, the sponsor should first review the district policies and regulations governing such travel. School volunteers participating in international field trips will be informed of the responsibilities, including supervision, code of conduct, alcohol consumption, insurance, and forms. Read the policy found on the Web site:
http://www.rsdmo.org/boardofeducation/policiesandregulations/Pages/Policy5661-StudentTripsInvolvingInternationalTravel.aspx

Field Trips Involving Out-of-Town or Overnight Travel
Policy 5662
School volunteers may assist in the supervision of students where needed and if appropriate. However, these volunteers will work under the supervision of district personnel. Read the procedures as identified on the Web site:
http://www.rsdmo.org/boardofeducation/policiesandregulations/Pages/Policy5662-FieldTripsInvolvingOutofTownorOvernightTravel.aspx
Building FAMILY-SCHOOL Partnerships

The evidence is in: when schools and families work together to support learning, everyone benefits.

- Students do better in school and in life.
- Parents become empowered.
- Teacher morale improves.
- Schools get better.
- Communities grow stronger.

Did you know?

Parents of high-achieving students set higher standards for their children’s educational activities. They are active participants in schools and education.

» **Who:** Most students at all levels—elementary, middle, and high school—want their families to take active roles in between home and school. When parents come to school regularly, it reinforces the view in the child’s mind that school and home are connected and that school is an integral part of the whole family’s life.

» **When:** The earlier in a child’s educational process parent involvement begins, the more powerful the effects. The most effective forms of involvement engage parents in working directly with their children on learning activities at home.

» **Why:** Decades of research show that when parents are involved, students have the following:
  » Higher grades, test scores, and graduation rates
  » Better school attendance and self-esteem
  » Increased motivation,
  » Lower rates of suspension
  » Decreased use of drugs and alcohol
Family participation in education was twice as predictive of students' academic success as family socioeconomic status. The more parents participate in schooling, in a sustained way, at every level—in advocacy, decision-making and oversight roles, as fundraisers and boosters, as volunteers, and as home teachers—the better for student achievement.

**How:** Rockwood supports the framework provided by the National Coalition for Parent Involvement in Education, which includes six types of parent involvement:

1. **PARENTING:** Families need to establish home environments that support children as students. With guidance and support, parents may become increasingly involved in home learning activities and find themselves with opportunities to teach, to be models for and to guide their children.

2. **COMMUNICATING:** Families become active participants in communication from a school-to-home and home-to-school perspective. Parents understand how to contact their children's teachers and principals, as well as access their school's website, newsletter and parent-teacher organization. They know how to use Infinite Campus, Rockwood's student information system, to learn about their children's progress.

3. **VOLUNTEERING:** Families can volunteer as tutors and classroom aides, as well as assist with field trips and in other support opportunities. Parents can organize school events, and assist with their children's extracurricular activities and athletics. Schools have many exciting volunteer opportunities for the community.

4. **LEARNING AT HOME:** Families can help their children develop good study habits, supervise their homework, monitor TV viewing, and supervise regular bedtimes and school attendance. Parents read to their children and provide stimulating experiences contribute to student achievement.

5. **DECISION MAKING:** Families can join parent-teacher organizations or long-range planning committees so they can advocate for good schools. They can help develop school improvement plans and provide parent representation and support. These groups can take the lead in assessing school needs, developing goals and monitoring for continuous improvement.

6. **COLLABORATING WITH COMMUNITY:** Families and schools help students by forming collaborative relationships with many public and private agencies that provide family support services. These partnerships create shared responsibility for the well-being of children, families and schools by all members of the community.

TOP FIVE TIPS
For School Volunteers

1) Meet the principal and get to know your school.
Rockwood has welcoming, safe and supportive schools. Share your contact information by filling out the school volunteer registration form. Be sure to get the school contact information as well.

2) Create a checklist.
You’ll need some information to be a school volunteer. Your school will share with you the following details:

___ Days and times you’re expected
___ Opportunities for volunteers
___ Procedures for volunteers
___ Building layout and parking facilities
___ What is expected of students
___ Fire drills and safety procedures

3) Just ask
Let the school know if you need more instructions in order to perform a task. Help establish good communication with the teacher and the school so you’ll be comfortable with your volunteer assignment.

4) Enjoy the students.
Understand that their backgrounds, family values, manners and vocabulary may be different from yours. By sharing time and caring, you are making a difference for children.

5) Always remember that you are appreciated!
The teachers, staff members and students value your time and all you give to schools.
